

## Poolside Bottle Policy

High Priority

13.11.20121

**With immediate effect** it is **mandatory** to use only a specific Bilston Swimming Club bottle which is made of soft unbreakable plastic for training and competitions. A bottle will be given free on joining the club and available to purchase thereafter. Please label bottles carefully with a band or permanent marker. This is part of the Clubs code of conduct which swimmers and parents sign and **must be strictly adhered to**. Poolside staff including coaches, helpers and lifeguards have the right to remove any bottles not complying with this policy.

Thank-you
